

Capped Pro Collection . Decking

High resistance to moisture, termite, mildew...

DIY

Anti-slipery, no crack & splinter, low heat-conductive

Barefoot Friendly

Hiden-connector design, safe, beautiful, easy-install, low material & labor cost

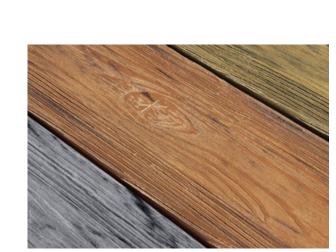

Low-maintenance

Easy to clean, no regular painting required

Eco-friendly Environment-friendly, 100% recyclable

Ultra Natural Wood Grain

- Proprietary 3D Graining Tech:
- A Stereo-Visual Effcet, and A Natrual Wood Touch;
- Proprietary Double-Tone Art Color Tech:
- A Stunningly Natrual Wood Looking

Ultra Strong Core

- Selected Formula:
- A Selected Comprehensive Performance
- Dual-Screw Extrusion Tech:A Better Materials Diffusion
- & Particals Interlock Denser & Stronger

FEATURE

Capped Pro Surface Protection

- Better Resistance to Scratch & Fade
- Better Nail-Holding

_____/

Solid Structure

- Extrordinary Structural Stability;
- Extrodinary Life-Span

Double Surface, Double Option

- Ultra Grain: More Aesthetic
- Brush: Enhanced Slip-Resistance

APPLICATION

/ ETERNAL HOPE \cdot FLOWING GRAIN 8

INSTALLATION INSTRUCTIONS

Electric Drill

Chainsaw

Electric Screwdriver Tape Measure

Level

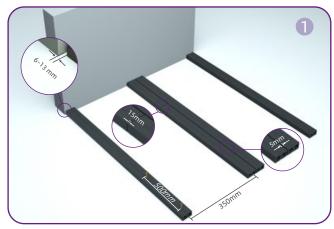

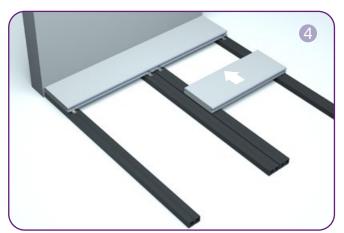

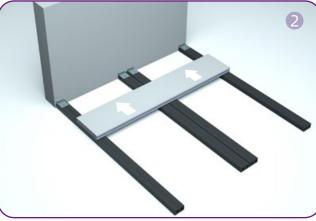

EA-12

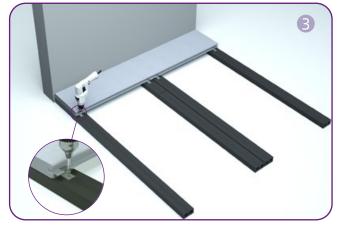

Fix the joists to the ground with expansion screws, the joist spacing should not exceed 350 mm. Double joists are needed at the end-to-end joint between decking boards.

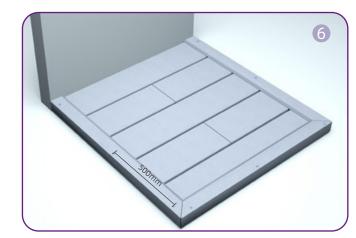

Push the next board into the clips.

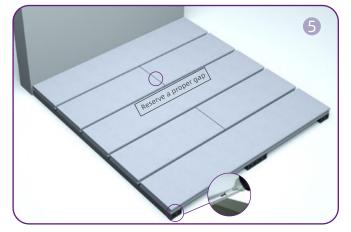

Install the start clip and slide the first decking board into the start clip.

Slide the clips into the groove of the decking boards, secure the clip with screws.

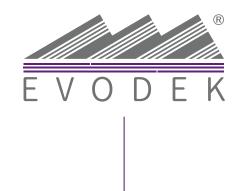

Trim the L corner at a suitable angle and fix with screw. The spacing of the screws should be no more than 500mm.

Reserve a proper gap at the butt of the two boards for contraction and expansion. Along the edge, toenail screw to secure the decking boards.

- EVODEK[®] is a globally trusted brand in the innovation of wood plastic composites, striving to make you enjoy the indoor and outdoor living space.
- EVODEK[®] is committed to leading the WPC industry with patented extrusion technology, engineering exquisite wood plastic composite product and service, and making EVODEK[®] WPC an essential part of life for all.
- EVODEK® is committed to protecting the environment by manufacturing wood plastic composite made from recycled wood and plastic.
- Not only a material supplier, EVODEK[®] designs and produce wood plastic composite, tailoring to the special needs of the client, or meeting the harsh environment, with a well-equipped R&D facility and a professional design team.
- EVODEK[®] is looking for the dealers and partners from countries or regions, and is committed to the success of our partners first, and keep improving upon our customer support.
